

pressed below their normal condition, that those of another might be elevated above its own.

And yet, in the light of all our experience, we are confronted by a national policy for which we are as much responsible as any one, which is draining the national treasury by extravagant expenditures that a war tariff may be maintained in times of peace; which threatens to remove the tax on the worst of luxuries that it may be retained on the greatest of necessities.

It is true we can now only protest against this policy, but it is time to at least do this.

Let it be understood that the people of this state demand cheap clothing, cheap fuel, cheap implements of labor—in short, cheap necessities; that they are not interested in cheap whisky or tobacco, and that if compelled to take the latter cheap and the former dear, they will surely resent the injury, and our labor will not be in vain.

There are some things Iowa's public officers owe to her, others that she owes to herself.

She is entitled to the most faithful, most economical, most painstaking administration of all her affairs. If one servant of hers omits his duty in this respect, he deserves nothing but her scorn.

For her own good name she is bound to be absolutely fair and just to each one of her subjects; to foster education with a liberal hand; to honor her old soldiers and perpetuate their memories; to care for her unfortunates; and finally, to encourage by all just means in her power every one of the great industries which are the hope and dependence of her people.

If true to herself, if liberal in her statutory enactments and just in their application, no state in this union has a brighter future. If she falls short of that for which nature designed her, the blame therefor will rightfully descend upon those who make and administer her laws.

## REPORT OF THE AUDITOR OF STATE.

STATE OF IOWA, }  
OFFICE OF AUDITOR OF STATE, }  
Des Moines, August 19, 1889. }

*To his Excellency, WM. LARRABEE, Governor of the State of Iowa:*

SIR—Herewith I present my report of the financial affairs of the State for the biennial fiscal period, beginning July 1, 1887, and ending June 30, 1889, as provided by subdivision 11, section 66, of the Code.

The statements being self-explanatory and easily understood, I deem it unnecessary to make special reference to any of them except to No. 11, as follows:

In my last report, and in the report of my predecessors, for a number of years past, statement No. 11, "Real estate and notes belonging to General Revenue," contained items not shown in this report as follows, and for the following reasons:

Item 1. "Wm. H. Shaw, Dyer defalcation, balance on note (ten per cent) \$354.16." This note was paid in full March 6, 1888, the interest being computed at six per cent from and after August 18, 1883, by order of the Executive Council, and is shown in statement No 1, of this report under the head of "Receipts."

Item 2. "S. Mellinger's note (six per cent) \$6,700.00." Upon investigation of this item, I find that the State sold Mellinger & Forney certain property in the city of Des Moines, obtained through the "Orwig defalcation," taking their note, with G. W. Edwards as surety, for \$5,000.00; that subsequently, and on the 7th day of December, 1872, judgment was rendered on said note by the District Court in and for Polk county for \$6,700.00, including interest (*See Journal 14, page 338, and Judgment Docket 7, page 308*); that Auditor Lucas placed said claim in the hands of Attorney-general McPherson for collection February 2, 1882, there having

been nothing but interest paid thereon; that the Attorney-general paid into the State Treasury \$1,500.00, collected on said judgment November 14, 1883, and \$9,000.00 derived from the same source February 7, 1884.

Preparatory to making this report, I corresponded with said Mellinger & Forney, at Burlington, Iowa, in regard to the payment of the remainder of said judgment, when they notified me that they paid the entire amount of judgment together with interest, amounting to \$7,341.80, to Attorney-general McPherson, on July 7, 1882, through the National State Bank of Burlington, which statement is verified by said bank by certificate to that effect on file in this office. General McPherson, by letter on file, admits the collection of the entire amount as claimed by said Mellinger & Forney, but insists that the money has been accounted for. I can, however, find no record or evidence of its payment to the State Treasurer other than the \$4,500.00 above referred to, leaving a balance of \$2,841.80 unaccounted for, which with interest at the rate of six per cent per annum from July 7, 1882, makes an aggregate of \$4,440.13, which I have placed in the hands of Attorney-general Stone for collection or adjustment. It is due Mr. McPherson to say in this connection that I have made a formal demand upon him for this balance, and that he disclaims owing the State any sum whatever, and asserts that all the money collected by him has been accounted for by the payments made to the Treasurer of State and by meeting the necessary expenses attending the collection of this and other claims. I find that the records in the office of the clerk of the district court do not show any payment or satisfaction of this judgment against Mellinger, Forney and Edwards, and as a consequence, they are wrongfully lying under the embarrassment of an uncanceled, yet paid up judgment; and while I fully appreciate the injustice of this situation, I do not feel at liberty, under the circumstances, to enter such satisfaction on the records without special authority by law to do so.

Item 3. "Maria S. Orwig and S. F. Spofford, note (six per cent) \$2,650." This was a note taken in the settlement of the "Orwig defalcation," with Spofford as surety, by which Maria S. Orwig obtained a deed or patent from the State dated December 29, 1875, for the property held by her and her husband as a homestead, there being no other security for the payment of the note than the indorsement of Spofford, he being solvent at that time and presumably in good circumstances. Spofford afterward became insolvent and died, leaving the note unpaid. The State made an effort, by

an action brought for that purpose in the Circuit Court of Polk county, to make a judgment previously obtained against Maria S. Orwig and S. F. Spofford on the note in question a lien upon the property of Maria S. and R. G. Orwig, held by them as a homestead, upon the theory that it was a part of the purchase money of said homestead. The court held, however, that the judgment was in no sense a lien upon said property; that the equity in the case was with the defendants, and ordered that the case be dismissed and the costs taxed to the plaintiff. (*See Circuit Court Journal 15, page 204.*) It is, therefore, plain to my mind that the claim against Maria S. Orwig and S. F. Spofford is worthless and that it should be omitted from the list of assets due the State.

Items 4, 5 and 6, three notes of Maria S. Orwig, aggregating \$5,000.00. These notes were sued in the Circuit Court of Polk county, Iowa, and on the 4th day of September, 1882, judgment was rendered thereon by the Hon. Josiah Given, Judge (*See No. 1843 Equity, Circuit Court*), together with interest and taxes paid by the State on property mortgaged to secure the said notes, amounting in all to \$9,520.75, which judgment was paid in full to Attorney-general McPherson on the 30th day of December, 1882, and by him paid into the State treasury on the same day.

Item 7. Real estate.—Commencing at the northeast corner of the northwest quarter of section 8, township 78, range 24 west, thence west 6 chains and 73 links, thence south 10 degrees, 30 minutes, east 11 chains, thence north 68 degrees, east 4 chains and 80 links, thence north 9 chains and 24 links to place of beginning, containing five and  $\frac{5}{16}$  acres, estimated value \$8,000. I find upon investigation that the State has no claim whatever upon the property above described, nor shadow of title; but that upon the payment of the notes enumerated in items 4, 5 and 6, the claim of the State upon said property was fully satisfied. (*See Mortgage Record 46, Polk county, pages 358 and 359.*)

Item 12. Real estate.—South part northwest quarter of northeast quarter, 30 acres; and north part of southwest quarter of northeast quarter 10 acres; all in section 27, township 74, range 6, in Washington county; the whole estimated to be worth \$300. I find that the real estate above described is the property sold to Russell & Harper and for which their notes were given.

Item 14. The discrepancy in acreage of land in O'Brien county from 160 acres to 80 acres is for the reason that I find that Rankin deeded only the south half, south west quarter, section 1, township 97, range 40, to the Trustees of the Agricultural College, and that

they by mistake quit claimed the entire southwest quarter to the State. At the time of making my former report, it was not practicable to make the thorough examination necessary to ascertain the exact status of these items, and which I have now done. I had but recently taken charge of the office, and found myself crowded with other and imperative duties, precluding any intended research along this line; I therefore felt justified in taking the reports of my predecessors as a basis for mine, only adding the transactions occurring during the fiscal period.

In statement 12, "Assets of Permanent School Fund," the list of notes and mortgages belonging to the "Eads' Loan" remaining unpaid, amounting to \$35,834.05, are absolutely worthless and should not be considered available assets in any sense; and while the State has been defrauded out of this amount by the peculations of a former officer, and is not only entitled to the recovery of the principal, but also to interest thereon, which would amount, at the present time, computed at six per cent, to \$79,950.00 more, making an aggregate of \$106,784.00, yet there is no hope whatever of collecting the same, and it should not encumber public documents in the future.

In statements Nos. 9 and 10, I have estimated the receipts for the next biennial fiscal period upon a basis of two and one half mills levy for 1889 and two mills for 1890, and upon past experience in regard to miscellaneous sources of revenue, and the expenditures upon the cost of maintaining the State government during the last fiscal period, with such increase as the natural development and growth of the State would seem to justify, coupled with the additional expense of maintaining the Soldiers' Home at Marshalltown and the new Hospital for Insane at Clarinda, but recently built and equipped; and I think both estimates are substantially correct.

There is need of reform not only in the valuation put upon property for taxation, as suggested in my last report, but also in the matter of time occupied in the completion of the same, and in the seeming indifference on the part of the equalization boards in some of our cities as to the completion of their work prior to the time fixed by law for the adjournment of the State Board, viz.: the first Monday in August. This year, as you are aware, the work of the State Board was greatly retarded by the failure of Polk and Woodbury counties to file their abstract of assessment until August 13th and 17th, caused by the delinquency of the city boards. There should be a change in the law regulating the election of assessors in cities, either by electing more assessors or by authorizing the

appointment of deputies when necessary to complete the work in good season, and providing such penalty for failure to comply as will bring about the desired result, and equalization boards should be similarly impressed with the necessity of promptly discharging their duties.

Under the present condition of this matter, the effect is that counties which are prompt in making their returns of assessment to the State Board are compelled to wait the action of the tardy ones before the State equalization can be completed, and county auditors are prevented from beginning work on their tax lists, making it almost impossible to complete the same within the time specified by law.

I invite your attention to the concurrent resolution passed by the Twenty-second General Assembly, providing for the investigation of the charges made against the management of the Iowa State University, by a joint committee to be appointed for that purpose, having power to subpoena witnesses, etc., and to incur any expense necessary to a full and complete investigation of the same. (*See House Journal*, pages 930 and 931.)

In compliance with the foregoing resolution the committee was appointed, consisting of Senators A. F. Meservey and W. W. Dodge, and Representatives E. W. Wilbur, W. M. McFarland and L. D. Hotchkiss, who proceeded to the discharge of their duties. Upon presentation of their bills for payment, I refused to issue a warrant for the same, basing my action upon section 24, article 3, of the Constitution of the State of Iowa, which provides that "no money shall be drawn from the treasury but in consequence of appropriations made by law," and issued a certificate instead to each claimant, twenty-one in number, as provided by subdivision 5, section 66, of the Code, aggregating \$3,244.55, a detailed statement of which I shall present to the Twenty-third General Assembly, recommending an appropriation to pay the same.

Chapter 139, of the laws of 1888, made an appropriation of \$389.40 to John Haidien, of Webster county, to reimburse him for money paid the State, for west half, southwest quarter, section 11, township 86, range 27, to which the State had no title at that time. The Auditor of State was authorized to issue a warrant for said appropriation "upon the claimant, John Haidien, filing his affidavit with the Auditor of State that he has never by refund received compensation for purchase money paid by him." Said John Haidien, by letter on file in this office, claims that he does not consider the State of Iowa indebted to him in any sum on account of said

purchase; that he will not file the affidavit required; and that he cannot conscientiously take the money. The real parties interested in the passage of the law seem to have been subsequent owners of the land, who relied upon their ability to have Haidien make the affidavit necessary to secure the money. For the above reasons I would recommend the repeal of the law.

The county officials have, as a rule, co-operated heartily with me during the past two years in the management of the affairs of this office, by promptly filing their reports when due, and in making prompt monthly remittances to the Treasurer of State, thus enabling him to cancel the entire amount of interest-bearing warrants, and placing our State in her former proud position of being free from debt, which position she will undoubtedly hereafter maintain; and I take this opportunity of expressing my appreciation of their valuable assistance.

The perplexities incident to the proper discharge of the multifarious duties of this department of the State government have been materially lessened by the uniformly kind consideration shown me by you and my other co-officers, and by the efficiency and fidelity of my office force.

Very respectfully,

J. A. LYONS,  
*Auditor of State.*

The above may be considered the entire available interest-bearing school fund of the State. In addition to this there are, as described in Statement XII, lots and lands bought in by the State for the use of the school fund on foreclosure of mortgages belonging to the Eads' loans, and not yet resold, estimated in previous reports to be worth \$3,735.00; this is not available, and is not included in the foregoing summary. Neither are the notes and mortgages shown on preceding page included, because they are practically worthless.

NOTE.—The figures in this statement relating to the assessment and equalization of real property are copied from the assessment and equalization of 1887, there being no assessment of the same in even numbered years.

Telegraphic and telephone companies assessed by the Executive Council, and their taxes are all paid into the State treasury direct. The assessment not being returned by the county auditors accounts for it not showing in this statement. See statement No. XXIII.

NOTE.—Telegraph and Telephone companies are assessed by the Executive Council by virtue of Chapter 93, Laws of 1878, and their taxes are all paid into the State Treasury direct. The assessment not being returned by the county auditors accounts for it not being shown in State-mania Nos. XXI and XXII. Telephone companies were first assessed in 1880.
